

**Stainless Steel Pole  
AM01**

Mounting pole for OL10, OL32, and OL50, both single & double lights. It works with AM03, AM04 and AM05 to hold the light on objects like telecom tower, etc.

- 3/4" inch thread, 240mm length
- 304 stainless steel

**3 Wire Cable  
AC3A**

3-wire cable is for medium light OM2B, OM2C. It also applies to all photo-sensor PHS series. Ready-to-install condition.

**Stainless Steel Flange  
AM02**

Mounting flange for OL10, OL32, and OL50 when the light is installed on a flat surface.

- 3/4" inch thread, 240mm length
- 304 stainless steel

**4 Wire Cable  
AC4A**

4-wire cable applies to double low intensity obstruction light in OL10, OL32, and OL50 series. Ready-to-install condition.

**Mounting Bracket  
AM03**

Mounting clamp to hold a light on angle bar, flat bar or round pole.

- Can hold on maximum 180mm diameter objects
- 304 stainless steel

**Junction Box  
AJB4**

AJB4 is a 4 thermals junction box. It fits both indoors & outdoors environments.

**Mounting Bracket  
AM04**

Mounting clamp to hold a light on angle bar, flat bar or round pole.

- Can hold on maximum 100mm diameter objects
- 304 stainless steel

**Junction Box  
AJB6**

AJB6 is a 6 thermals junction box. It fits both indoors & outdoors environments.

**Mounting Bracket  
AM05**

Mounting clamp to hold a light on angle bar, flat bar or round pole.

- Can hold on maximum 40mm diameter objects
- 304 stainless steel

**Plastic Cable Tie  
ACTP20**

UV resistant plastic cable tie for outdoor purpose

**2 Wire Cable  
AC2A**

2-wire cable is for low intensity single & double light, include OL10, OL32, and OL50 series. Cable length could be customized base on specific requirement in the obstruction light system. The cable will be ready-to-install condition that comes with U-terminal & plastic isolation sleeve.

**SS Cable Tie  
ACTSS30**

304 Stainless steel cable tie for outdoor purpose, 4mm\*30mm

### Rechargeable Battery ABLI3.7-5

Lithium iron phosphate (LiMPO<sub>4</sub>), 3.7V 5Ah

- Reddot solar light has built in battery, this battery is only for extra replaceable order purpose
- Comes with protect circuits
- 100mm\*70mm\*7mm

### 3M Electrical Tape ATP

3M brand name vinyl electrical tape,  
18mm\*20m\*0.15mm
